

# LAFAYETTE COMMUNITY FOUNDATION

Enhancing Life, Culture, Community

**Thanks for your ongoing support!**

---

You have been a supporter all along and we truly thank you for that. But, have you ever wondered what the Lafayette Community Foundation (LCF) does? As you make your final year-end [Donation](#) decisions, we hope you will consider the impact your support of Lafayette Community Foundation (LCF) makes to your local community.

As we shared in our recent year-end letter, we brought the community together to raise \$12 million dollars to build the Lafayette Library and Learning Center. And, we didn't stop there. Working in partnership with the Lafayette Rotary Club, LCF raised over \$100K to build the stage at the Lafayette Reservoir, providing an outdoor space for the community to enjoy concerts and performances.

And, with your help, we have raised almost \$400,000 to support the Lafayette community through our Excellence Grant program. We are excited to share with you the local nonprofits that received grants in 2016.
